Allowable Subject Matter

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record neither shows nor suggests a liquid crystal projector having all of the elements of claim 1, in combination, and particularly the following limitations:

“a water-cooling jacket provided on an inner surface of a part of an external wall of the liquid crystal projector, which part is adjacent to said lamp;

a metal pipe arrangement for heat radiation, placed in a part of the external wall except said part of the external wall having said water-cooling jacket on the inner surface thereof; and”

and also

“the cooling liquid receiving the heat generated by said lamp circulates in a circulation path through said water-cooling jacket, said metal pipe arrangement and said cooling liquid driving means to emit the heat the outside through said metal pipe arrangement.”

The prior art of record neither shows nor suggests a liquid crystal projector having all of the elements of claim 14, in combination, and particularly the following limitations:

“a water-cooling jacket provided on the liquid crystal panel comprising an incoming polarizing plate, a liquid crystal panel body and an outgoing polarizing plate, thorough which water-cooling jacket cooling liquid flows;

a metal pipe arrangement for heat radiation, placed an external wall portion a housing of said liquid crystal projector; and"

and also

"the cooling liquid receiving the heat generated by said lamp circulates in a circulation path through said water-cooling jacket, said metal pipe arrangement and said cooling liquid driving means to emit the heat the outside through said metal pipe arrangement."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Fujimori et al. U.S. Patent 6,844,993 B2 teaches an optical device and projector having the optical device.
